Monday, October 17th. For more info or to register call 812-786-0340

### Mrs. Schultze Corner

The semester is flying by and the children amaze us every day with the new skills that they are demonstrating. They are learning new concepts, vocabulary words, counting and singing, sharing and negotiating with one another each day! The classes have settled into routines that promote learning in everything they do. Be sure to check your teacher's newsletter and notes to stay involved in all of their new activities. We have begun to use the outdoor classroom with lots of science and messy fun!

Next week, our 2 week Fall break begins on October 1. Fall break will mean a change in routines for you and your preschooler. Since "time" is not a concept that preschoolers understand it will be a challenge for some to understand why the school bus is not coming and why they are not going to school for 2 weeks. If this happens use pictures to create their schedule and what might happen each day. I hope you are able to spend lots of time outdoors and explore and play with your child each day.

Research shows that spending 5 minutes of uninterrupted play with your child each day can prevent behaviors. Read, read, read, and play, play, play!! Turn off the electronic devices and go out and play! Stay tuned for an invitation to a PLAY and LEARN day at school! Have a safe and wonderful fall break! We will see you back at school on October 17!
